Copy of letter from the Collector of South Kanara, to the Secretary to the Commissioner of Civil Supplies, Madras, Ref:' No.8410-W5-44, dated 3rd September 1944.

CIVIL SUPPLIES - Rice and food stuffs - Smuggling on the South Kanara Sea Coast - Prevention - Additional staff - Entertainment - Sanction sought.

I have discussed with the Port Officer, Mangalore, the Customs Collector and the District Superintendent of Police of South Kanara the question of formulating a scheme for the prevention of smuggling of rice and other food stuffs on the South Kanara Coast, particularly at the port of Mangalore. It appears that the Customs Collector has applied for an additional staff and a motor boat for this purpose; while the Port Officer, Mangalore, has also applied for some additional staff and is prepared to spare one boat in an emergency and also a canoe. The Customs Collector has agreed to spare a canoe. Besides the arrangements that may be made by the Customs Collector and the Port Officer, Mangalore, patrol staff as detailed below will be required for an effective and vigorous check on the Sea Coast within the Mangalore Port limits.

(1) One post in sandspit with two constables and two Revenue peons
(2) At the two ends of the port, beyond the bars, two constables and two Revenue peons at each end.

2. I, therefore, request that the sanction of the Government may kindly be obtained for the employment of a special staff of 6 constables and 6 Revenue peons for the Mangalore Port area for a period of 6(six) months from 1st October 1944.

3. Separate orders have been issued for patrol of the coast in the Coastal villages of this district by village officers and menials. But, the question of strengthening this staff by an additional village menial for each village is being considered and proposals will be submitted in due course. I am consulting the S.K.C.C.W. Stores Ltd., Mangalore which is the sole agency for the procurement of rice in this district, in the matter of meeting the cost of the additional staff of 80 menials at Rs.15/- per mensem for a period of 8 months from October 1944.

Copy of letter No.4483-A1/44-4, dated 25th September 1944 from the Board of Revenue (Civil Supplies) to the Additional Secretary to Government, Development Department.

--

Ref: From the Government, Development Department, Memo.No.49409-F.I./44-1, dated 25-8-1944
Board's Ref.4483-A1/44-1, dated 29-8-44.
From the Collector of South Kanara, Ref.No.8410-WS-44, dated 9th September 1944.

--

The board submits a copy of the letter from the Collector of South Kanara cited above in continuation of its reference 4483-A1/44-2 dated 13-9-44 and recommends the proposals made therein.

2. The board considers that this large staff needs centralised supervision directly under the Collector, as otherwise the money spent on it will be wasted. It is important that this organization should work efficiently if the leakage of foodgrains from South Kanara district is to stop. The Board therefore considers that a special Inspector of the status of an Inspector of Police with two orderlies to work under him will be necessary to supervise effectively the work of the patrol staff and requests that the Inspector General of Police may be asked to spare a suitable officer. The pay and special pay of the officer may be fixed at the rates recommended by the Inspector General of Police.

3. The above staff may be sanctioned from date of appointment till 31-3-1945 or till the necessity for it ceases, whichever is earlier.

4. In para 8 of his letter, the Collector has proposed that the South Kanara Central Cooperative Stores may be permitted to add one anna per mura to the selling price of rice and that the amount may be credited to Government to cover the expenditure incurred by Government on the special staff employed in the district for the prevention of smuggling. The Board considers that in view of the behaviour of the district in the matter of smuggling, it is not unreasonable to make the district pay for the Staff. It therefore supports the Collector's proposal.

5. In his letter 3rd cited above, the Collector of South Kanara has stated that small fishing boats take off from any part of the sea-coast for fishing operations and that transport of rice in these boats should be watched. The Board suggests that the system of registering and numbering of all boats and checking them as in in force in the Tanjore district may adopted in South Kanara also to check any country crafts unauthorisedly carrying foodgrains. The same procedure has been suggested for Ramnad and Tinnevelly districts, in Board's Ref.No.2737-A1/44-5, dated 6-9-1944.

Sub: Civil Supplies - Paddy and rice - Smuggling out of South Kanara Dt. - Report submitted.

Ref: Board's Ref.No.4483-A1-44, dated 29th Aug.44.
Your D.O.No.4608-A3-44-3, dated 6-9-1944

Enquiry discloses beyond doubt that the present scarcity of rice in this district is very largely due to the smuggling of rice outside this district. Rice has been smuggled on a very large scale from the ports of Coondapur, Udipi and Mangalore taluks - from the first two taluks to North Kanara, Bombay and Goa, and from the limits of the third taluk to Persia, Arabia and other places by Arabian vessels. There has been a large scale smuggling from Kasaragod taluk mostly to Malabar and to Arabian vessels. There has also been smuggling of rice to Mysore. Though it is difficult to estimate even approximately the quantity so smuggled, it is admitted on all hands that the drain has been enormous. As observed by you in your above D.O., it is imperative that this smuggling should be effectively prevented if this district should become atleast self-sufficient if not a surplus district.

2. The most important thing to do is to prevent the smuggling by sea. Confidential enquiry reveals that the subordinates of the port and the customs departments have been conniving at this illicit smuggling Though the efforts of the Police and myself during the last 3 or 4 months to find out the necessary material to prosecute at least a few have been in vain, still there is ground to believe that the subordinates of these two departments have been misbehaving considerably. I would therefore request that the superior officers of the Port and the Customs departments be specially requested to intensify their supervision over the conduct of these subordinates in the coming season of sea traffic. If a subordinate or two of these departments could be handled sternly, it will have a salutary effect. I would suggest that the C.I.D. may be requested to make special arrangements to watch the subordinates of the Ports and Customs in this district.

3. The second step to take is to appoint a small preventive staff in each of the Ports in the district. So far as the Port of Mangalore is concerned, Ihave already submitted for sanction proposals in consultation with the District Superintendent of Police and the Port and Customs Officers in my reference No.8410-W5-44 dated 3-9-1944. I submit further proposals in regard to the following ports:- Kasaragod in Kasaragod taluk, Mulki in Mangalore taluk, Malpe and Hungarkatta in Udipi taluk and Gangolli in and Baindur in Coondapur taluk. Malpe, Hungarkatta and Gangolli are fairly big ports from which enquiry reveals, that a good deal of smuggling has been going on. It is necessary that more effective watch is kept in these three places. I recommend the appointment of two constables and two peons for each of these three ports. The other three ports are comparatively minor and it is enough to appoint one constable and one peon for the three ports. The Constable and peon will patrol during nights as smuggling generally take place during nights. The peons will work under the control of the Revenue department and the constables will work under the control of the Police department in all these cases.

4. Besides these patrols in each port, it appears necessary to watch the movements of rice throughout the entire length of the coast, as small fishing boats take off from any part of the coast. For this purpose it is proposed to appoint a village menial for every village touching the coast. There are 81 such coastal villages and it is proposed to appoint 81 village menials mostly drawn from the fishermen community to work under the concerned Patail to watch not only the movements along the coast but also on the coastal road from which rice is taken to the coast. This provides completely for preventing smuggling by sea.

14

5. Then remains the question of land frontiers. There are 15 chowkies on the land frontiers, - 3 in Coondapur taluk, 1 in Karkal taluk, 3 in Puttur taluk and 8 in Kasaragod taluk. The drain through the land frontiers of Kasaragod taluk has been enormous in the past. In view of the introduction of rationing in the Malabar district, it is likely that there will a good deal of smuggling yet along the frontier from this district to Malabar, and this has to be closely guarded. The Government have already sanctioned 29 chowkidars at present in 4 of the chowkies in Kasaragod taluk is only one. It is necessary to make the number at least two in these places. Therefore 4 more chowkidars will be necessary. This may be sanctioned.

6. Now there is no effective check and supervision over the work of these chowkidars except by the firka Revenue Inspector, the Tahsildar and the Deputy Tahsildar concerned whose visits must necessarily be very rare. This isnot conducive to effective prevention. I recommend that a Special Revenue Inspector may be sanctioned, one for Kasaragod, one for Puttur and one for Coondapur taluks with a peon each for the purpose of exercising control over these chowkidars and also for exclusively watching smuggling and illicit transport of rice and paddy.

7. A statement of cost involved is enclosed for favour of sanction. The staff may be sanctioned for a period of six months from 16-10-44.

8. It appears to me absolutely unnecessary that the cost of this establishment as well as that of the chowkidars should be borne by Government. The South Kanara Central Cooperative Stores has been approved as the wholesale agency for procurement of rice in this district. It has opened several branches both for reception and distribution of rice throughout the district and is paying enormous charges for its establishment. As all these effective preventive measures will enable the said Stores to collect and distribute several additional thousands of muras of rice to the public, the profit earned by the Stores thereby can be made available for meeting the charges of the preventive staff. I have consulted the President of the Stores; and he readily agrees to it. This will involve only the addition of a profit of not more than an anna on each mura. This is quite inconsiderable when it is remembered that the public are getting the rice at bare cost price plus a nominal profit to the S.Kanara Central Stores. This will be extremely negligible by way of an additon on the public. The charges may be paid by Government in the first instance and a corresponding amount will be credited to Government by the S.K. Central Cooperative Wholesale Stores towards an appropriate head. This should solve the financial burden of the scheme. When the financial levy is accepted by Government or not, the preventive staff is quite essential to make this district self-sufficient. By such careful arrangement it might be possible to tap some surplus from this district for other districts.

BOARD SECRETARIAT RECEIVED GOVERNMENT

HOME DEPT.

I return herewith the Home Department endorsements quoted above and offer the following remarks.

2. Proposals of the Board of Revenue (Civil Supplies) in their reference No.4483-A-1/44-2 (C.S.), dated 13-9-44.

I consider that the minimum staff required will be 9 constables and 9 peons at 3 constables and 3 peons for each of the 3 posts within the Mangalore Port limits mentioned in paragraph 1 of the Collector's letter cited in the Board's reference, to allow of relief if a continuous watch has to be kept. An additional staff of 3 constables and 3 peons over that recommended by the Board will, therefore, be necessary.

3. Proposals of the Board of Revenue (Civil Supplies) in their letter No.4483-A-1/44-4, dated 25-9-44.

I agree to the proposals of the Board of Revenue in paragraphs 2, 4 and 5 of their letter regarding additional staffs and the system of registering and numbering of all boats and checking them. I recommend that the Inspector of Police to be placed in charge of the preventive staff should be granted a special pay of Rs.25/- per mensem, in addition to the pay and allowances normally admissible, as his work in this connection will be arduous. I can spare the services of a suitable officer for this purpose.

4. In regard to the suggestion of the District Magistrate, South Kanara, in paragraph 2 of his letter No.8410-W-5-44, dated 9-9-44, to the Commissioner of Civil Supplies, that the C.I.D. may be requested to make special arrangements to watch the subordinates of the Port and Customs in his district, I do not consider this to be a matter for the C.I.D. who would any how have to get into touch with the locals to get success. The District Officers should be able to get their own information and act upon it.

5. The total additional police staff required will be 1 Inspector and 20 constables. If my suggestion in paragraph 2 is accepted, three more peons in addition to the number recommended by the Board of Revenue (Civil Supplies) will also be required.

==2==

6. Four out of the 20 Constables required will be found from the 1400 constables sanctioned by the Government in G.O.No.Ms.536, Home, dated 19-2-1944. The remaining 16 Police Constables will be found from the 1200 Police Constables sanctioned by the Government in G.O.No.Ms.315, Home, dated 2-2-1944.

NOTE:-- The temporary additional staff proposed by the Board of Revenue is as follows:--

(1) For the Mangalore Port area.

6 police constables and 6 Revenue peons

-- the I.G. has proposed 9 constables and 9 peons -

(2) For the other ports in South Kanara district.

9 constables and 9 Revenue peons.

(3) For watching of coast lines and roads.

81 village menials.

(4) Guarding of land frontiers.

4 additional chowkidars.

(5) For supervision of chowkidars and watching illici transport of rice, etc.

3 Revenue Inspectors and 9 Revenue peons.

(6) Supervision of work of patrol staff

1 Inspector of Police and 2 constables (Orderlies)

Orders have to issue in this Department only in regard to items (1), (2) and (6) above. Vide pp. 3 and 5 c.f. It is understood from Dev. that orders in regard to items (3), (4) and (5) above will be issued from that Dept.

The draft order above relates to the addl. staff referred to in items (1), (2) and (6) above, as modified by the I.G's proposals on pp. 13 - 14 c.f.

2. Special pay for Inspector.

The I.G. has proposed a special pay of Rs.25/- a month for the Inspector in view of the arduous nature of the duties involved. The Board is of the opinion that a special pay is called for. For orders whether this Dept. may agree to the proposal.

3. As regards the proposal of the Board to recover the cost of the addl. staff from the people of the dt. by raising the price of rice, it is understood from Dev. that it is now under consideration there. This Dept. is not concerned with it, and no mention of that proposal need be made in the draft.

4. Cost. The total addl. staff proposed by the I.G. is one Inspector of Police, 20 police constables and 18 Revenue peons. The constables will be found from the temporary staff already sanctioned. The extra cost will therefore be only that due to the temporary Inspector (including his special pay) and the Revenue peons. This works out to Rs.589/12/0 per mensem or Rs.2,948-12-0 for five months.

5. The draft order may be sent to Revenue, Dev. and Fin. for acceptance.

P.C.P. 1.11.44. V.K.D. 1.11.44.

"X" above may be accepted. Paragraph 3 of the draft deals

deals with this.

The draft may be approved, and sent to Revenue, Development and Finance for acceptance before circulation.

Link myard to "Y" in p. 3 and, please para 3 of the Development Dept G.O. at p "15" of sanctioning the rest of the staff. That Department may perhaps be requested to amend their G.O. by adding the words "and that sanctioned in G.O. Ms No.. /Home Dept dt. . . . ," at the end of the 4th sentence in paragraph 3, after a copy of this present G.O. is communicated to them.

1 Inspector of Police with 2 orderlies.	Inspector of Police with 2 orderlies.	Inspector of Police with 2 orderlies. (2 Police Constables)

The following remarks are submitted.

Staff.

(1) It will be observed from the above statement that the Revenue Peons for the ports in South Kanara District have been suppressed. The 12 peons for whom sanction has been accorded are detailed as 3 Revenue Inspectors and 9 to assist the 9 constables at these ports. The provision for these 9 peons may therefore be deleted in the draft on page 4 ante.

(2) Please see para 2 of finance note on page 3 N.F. of G.O.No. 4

44. It is not known what amount will be realised by way of surcharge (i.e. to add one anna per murra to the selling price). The entire staff may be taken into account for purposes of surcharge. The amendment suggested by Home / on page 4/ ante may be accepted. The Board of Revenue may be requested to examine now whether the proposed surcharge will meet the cost on account of the whole staff.

(3) The staff sanctioned in the G.O. at (B) was estimated to cost Rs. 22972 per annum and the proposal was treated as a 'New service'. Taking into account this supplemental demand, the total extra cost on account of this staff works out to over Rs. 25,000 per annum and under Section 93 situation the prior sanction of the Governor-General is necessary. As however, the scheme is urgently required to prevent deterioration in the food situation such sanction may be presumed. Development may be requested to include this in the monthly statement of cost forwarded to the Governor-General for approval.

When there is one Constable as far south as Karanjod and another as far north as Baindur I feel very doubtful how far they will be supervised by the Kumpoorday Inspector. Each constable has one peon to work with him. This peon is not amenable to police inspection. See para 3 of Kolhi's letter on p 9 - therefore this is the scheme approved by Govt Civil Supplies

p.1 & (N)

In this office letter Ref: No.8410-W5-44 dated 3-9-1944, sanction was applied for the entertainment of a patrol staff consisting of six police constables and six Revenue peons for the Mangalore Port area for the prevention of smuggling by sea. The Board had in its Ref: No.4483-A1/44-2 (CS) dated 13-9-1944 supported my proposals contained in the letter referred to above and requested the sanction of the Government.

para 1(1) & p. 19 of (N)

The Government while sanctioning the employment of the patrol staff have ordered the entertainment of 9 police constables and 9 Revenue peons in paragraph 1 of G.O. Ms. No.3440 Home Department dated 23-11-1944 instead of the six police Constables and 6 Revenue peons applied for. Only the number applied for and recommended by the Board will be entertained pending further orders. This discrepancy may be pointed out to Government and their further orders communicated to me.

Copy to the T.D.C. South Kanara.

The sanction was based on the I G's recommendation in para 2 on p 13 & (N) - & para 1 (1) & the note on p. 19 ibid.
